Quality Improvement/Patient Safety/High Value Care

Author/Poster ID#:	QUALITY IMPROVEMENT/PATIENT SAFETY /HIGH VALUE CARE	Judge
CATEGORY	**SCORING CRITERIA**	**SCORE**
Background: *Explains why the project was selected*	1: Not Addressed 2: Unclear (Statement that "project was assigned" or "selected" without clear reasoning) 3: Meets (Explains how and why the project was selected) 4: Exceeds (Provides supporting data and fact-based rational for project selection)	
Aim: *Indicates the types of tangible and intangible benefits expected to be realized by implementing the team's solution(s)*	1: Not Addressed 2: Unclear (Missing either tangible or intangible benefits) 3: Meets (Indicates types of tangible and intangible benefits expected from project) 4: Exceeds (Describes tools used to factually determine benefits expected from project)	
Project Design/Strategy: *Describes the team's analytic approach to determining a solution to implement*	1: Not Addressed 2: Unclear (Lists selection of solution by team without further clarification) 3: Meets (Describes methods used by team to determine most appropriate solution) 4: Exceeds (Provides factual details on the analytic process for selecting the solution(s) to implement)	
Changes Made: *Describes the procedure, system, or other changes that were made to implement the solution(s)*	1: Not Addressed 2: Unclear (Limited coverage of changes made) 3: Meets (Describes the procedures, systems, or other changes made) 4: Exceeds (Explains how procedures, systems, or other changes were made and evaluated)	
Outcomes & Lessons Learned: *Describes the project's outcome measures*	1: Not Addressed 2: Unclear (Describes outcomes anticipated from the project without clearly defining how outcomes or process changes were measured) 3: Meets (Provides clear description of measures used to determine impact of the project on the outcome intended) 4: Exceeds (Describes why the operational measures used to determine impact of the project were chosen)	
Next Steps	1: Not Addressed 2: Unclear (Describes outcomes from the project without clearly defining future related activities) 3: Meets (Describes of outcomes with clearly defined related future activities) 4: Exceeds (Describes outcomes of project with clearly defined related future activities and strategy for diffusion of change)	
References Acknowledgements	1. Not Addressed 2. Incompletely addressed 3. Fully addressed	
Overall organization, content, and presentation of the project	1: Unclear (Poster is unorganized, information is unclear) 2: Meets (Information is arranged logically and project description is clearly presented) 3: Exceeds (The project is well covered, logically presented, and artistic elements enhance the presentation)
